

Baby Feeding Schedule Template

Printable newborn feeding chart printable for quick logging.

Remember: baby feeding schedule template works best with SnooBu app.

Columns: Day | Date | Time | Feeding Type | Side/Bottle | Amount (ml/oz) | Duration (min) | Baby cues +

Use tick marks to track wet + dirty diapers beside each row.

Weekly totals: Left minutes _____ Right minutes _____ Bottles _____

SnooBu tip: Instead of updating sheets, SnooBu tracks feeds in real-time.

Baby cues to note: latch quality, swallow sounds, diaper output, mood.

Hand the log to caregivers so everyone follows the same routine.
